Commercial Cleaning (Solid Figures)

Priced at only 1x net earnings, this successful commercial cleaning business is sure to impress. Operating down the southern end of the Sunshine Coast, they have been going strong for over 10 years now. The business is also well diversified with regular commercial and office cleans, builders and Bond cleans. They even have a Caretaking Rights that provides guaranteed income. Furthermore, they are the preferred cleaners for some 8 large Real Estate offices. So, this resilient business has the strongest maintainable earnings I have seen in some time and with a good name in the industry, they get referred all the time. The owner is now ready for a change after being in the industry for over a decade and wants to travel next year. Therefore, the business has been priced to sell and considering this only requires a single owner working 30 hours a week (on average), you will be hard pressed to find a business this good!
