PROFITABLE FLOOR COVERING SERVICES BUSINESS - GREAT VALUE!

The business specialises in the sales and installation of floor coverings including carpet, vinyls, laminate, timber and more. Installers are employed by the business on a full-time basis and contractors are used only in extremely busy times. The vendor also owns the premises and is willing to offer a new favourable lease to the successful buyer and as your success is paramount to the landlord, they will ensure a thorough training/transition and will also be generous with ongoing consultation and support.

This already successful business is poised to grow with the application of unused marketing strategies and the implementation of systemised procedures. The business includes valuable assets worth an estimated \$30,000 included in the sale. Has a very low stock holding of less than \$10,000. There are huge opportunities to grow the business which could include expanding its focus and to include other services and markets. It is expected that a focused and driven owner-operator could achieve greater efficiencies, higher sales and improved profits.
